How the process works

A member of our Behavior Team will evaluate the temperament of your pet.

Once your pet has been assessed, the Behavior Team will discuss the results with you and other options if your pet does not pass.

An appointment for assessment does not guarantee that Prairie Paws will accept your pet.

If your pet is accepted, your cat will be tested for feline leukemia or your dog, over 6 months of age, will be tested for heartworms.

The undersigned does hereby relinquish all claims regarding this animal to Prairie Paws Animal Shelter and fully understands that Prairie Paws Animal Shelter may determine the final disposition concerning said animal. I also understand that I, or any agent acting on my behalf, am ineligible to adopt said animal.
