LOCATION OF CATS		# OF CATS

- I am the property owner, or am acting on behalf of the property owner in this matter.
- I am requesting Prairie Paws Animal Shelter (PPAS) to trap, neuter and return all feral cats currently living on my property.
- Any feral cats or kittens trapped on my property that have the potential to be domesticated pets may be put up for adoption at the PPAS.
- PPAS volunteers shall be allowed to place humane traps on my property, solely for the purpose of trapping the feral cats and will be periodically checking traps during the trapping times.
- PPAS has permission to trap until the entire colony has been trapped.
- I will cooperate with PPAS in this endeavor.
- Veterinarians affiliated with PPAS shall
 - Spay or Neuter the cats
 - Vaccinate the cats for Rabies
 - Ear tip the cats for identification
 - If a cat has major medical issues, the Veterinarian will discuss with PPAS the best options for that cat which may include euthanasia

- I certify that I am the caregiver of these cats but do not take ownership of the cats in my colony.
- I agree as the colony manager/caretaker to
 - Feed the cats nutritious food and fresh water daily.
 - Feeding amounts will be ½ cup of dry food or ½ can of wet food per adult cat per day
 - Monitor the cats for overall physical conditions
 - Be alert for the new un-neutered cats joining the colony, and notify PPAS that trapping and neutering of the new cat is needed.
- I understand a trap deposit is required if I will be trapping the cats in my colony. There is no deposit if PPAS has arranged to do the trapping.
- All cats coming for surgery must be in a trap. Cats in pet carriers will not be accepted.
